I. Introduction

The object of this instruction manual, is to describe how to use the secured SaaS Medisharp platform to transfer your medical examinations to the federal doctor.

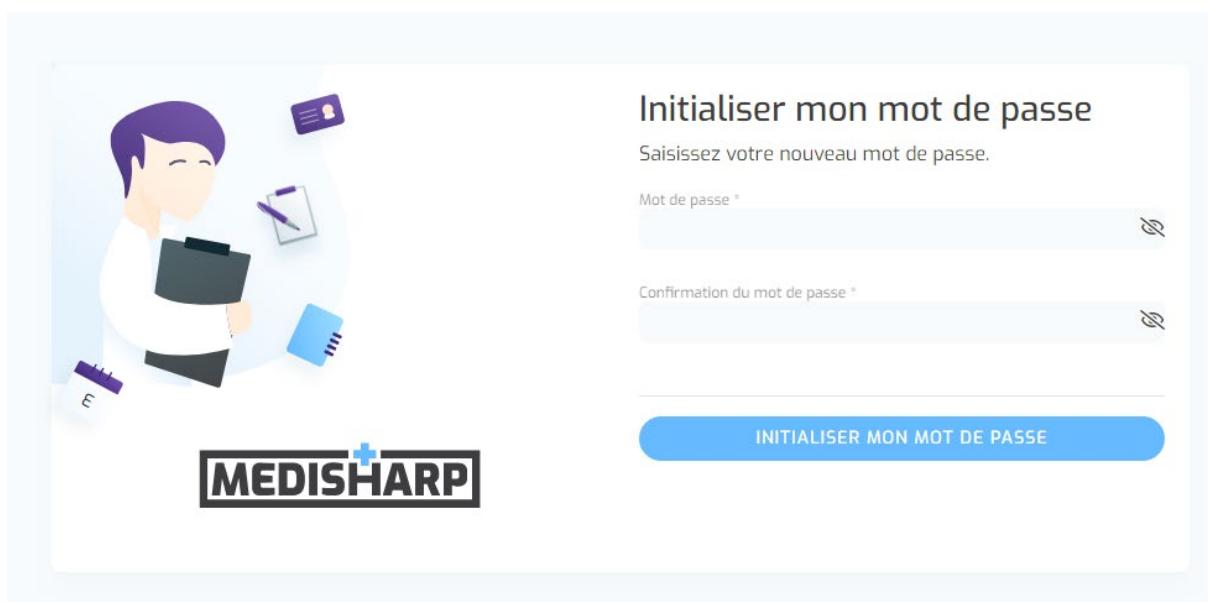

Once your file is approved by the doctor, you will receive an email confirming that you are up to date with your medical requirements. Your coach will also get an email confirming that your file has been approved.

Furthermore, coaches, the referees and the leaders will be able to see directly on the site your current status file and check if you are approved to take part in the competitions.

II. Deposit Terms

a. Set up

You will first receive an email with a link to initialise your account on the platform. By clicking on the link, you will come to a page where you will choose your password.

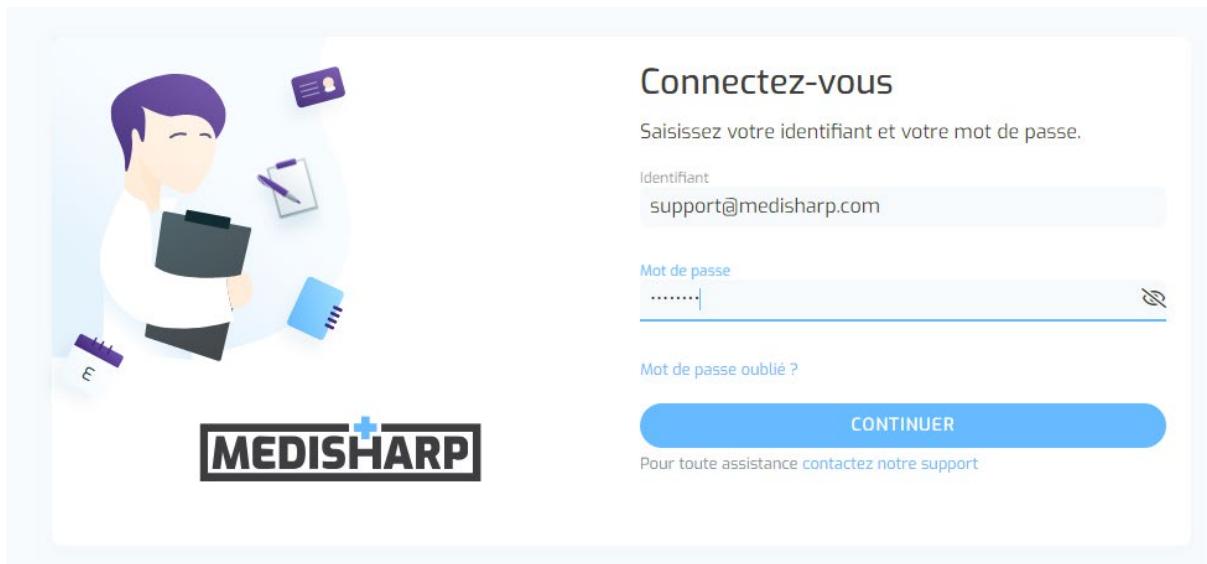

The password must include :

- Lower case
- Upper case
- A number
- 8 characters

Once you have confirmed your password, you will be redirected to the login page of the platform. Your user ID is your email address.

b. Connexion

In order to connect to the platform, you must enter your user ID and your password than click on the « continue » button.

c. Sending a file

Once you are connected, you will be on the page that enables you to send your files.

To send a document, you must click on « parcourir » that will enable you to choose the document that needs to be sent.

Please note that the platform can be used with a mobile phone. You can therefore take a picture of the files with your phone and send it directly with your phone.
